INTRODUCTION

Under the Elementary and Secondary School Emergency Relief II Fund (ESSER II), authorized by the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, the Pennsylvania Department of Education (PDE) awards grants to School Districts and Charter Schools to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the state.

Please note: ESSER II funds **cannot** be used for: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the LEAs, or 2) expenditures related to state or local teacher or faculty unions or associations. ESSER II funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

***ESSER II funds are not Title I funds and as such, are not subject to Title I rules.**

Please explain how the LEA will determine its most important educational needs as a result of COVID-19. (3000 characters max)

Given that our district budget allocates the majority of funding to salaries and benefits, and that the COVID-19 shutdowns created a considerable deficit in our School District budget; This Emergency Relief Fund will be used to preserve and maintain essential programs by funding the salaries and benefits of the faculty that bring these programs to life. Faculty were chosen in the areas of general education across the district. Our seniority list of faculty was used, starting with the least seniority and moving up on the list. Special Education teachers, Online Teachers, and other Federally funded Faculty members were excluded from this selection process.

Please explain the LEA(s) proposed timeline for providing services and assistance to students and staff. (3000 characters max)

The grant will be expended by the end of the 2023/24 school year. With salaries and benefits payments tapered each year. Supplies and Equipment 2020 & 2021 - \$398,253.07
2021-22 Salaries & Benefits (22 Teachers) \$1,925,325.00
2022-23 Salaries & Benefits (12 Teachers) \$989,443.86
2023-24 Salaries & Benefits (5 Teachers) 399,361.07

Please explain the extent to which the LEA intends to use ESSER II funds to promote remote learning. (3000 characters max)

Technology purchases will support remote learning through the fulfillment of 1:1 devices.

Please describe how the LEA intends to assess and address student learning gaps resulting from the disruption in educational services. (3000 characters max)

Curriculum adaptation will support priority standards, and we will use ongoing progress monitoring tools to assess student needs, achievements and successes.

Please describe the LEA(s) proposed procedures for evaluating local COVID-19 impacts in relation to education programming and delivery. (3000 characters max)

Areas of emphasis should include:

- Documenting learning loss associated with extended school closure;
- Outlining the development of local continuity of education plans over the course of emergency response efforts; and
- Detailing supports for vulnerable student populations and families.

Upon the start of the school year, Teachers will utilize all of the aforementioned tools to better understand where students are in relation to understanding standards, and developmental milestones. A local Continuity of education plan was created in March 2020 and implemented with fidelity, bringing rapid implementation of "planned instruction" for a sustained period of time (9 weeks). To prepare for the 2020/21 school year, we mobilized a steering committee composed of teachers, administrators, families and staff to inform a comprehensive continuity of education plan that outlines our response to state mitigated phased system of Red, Yellow & Green within our tri-county area. Members of the Student Services Department, specifically school counselors, school nurses, and the social worker, provide support for vulnerable populations such as economically disadvantaged, homeless, English learners and those with disabilities. These educational specialists are specially trained to respond to social-emotional student needs. The Student Services department works collaboratively with the Student Assistant team members at each building to facilitate programming and communication strategies that foster parent involvement and student success. Student, teacher and systemic needs will continue to be monitored and discussed throughout the 2021-22 school year.

Please describe the LEA core set of strategies that will be used to guide local investment of ESSER II funding, associated with short-range (i.e., remainder of the 2020-21 school year) and long-range (2021-22 and 2022-2023 school years) timelines. (3000 characters max)

These strategies may entail the establishment, scale-up, refinement, or evaluation of remote learning, as well as strategies for school-based teaching and learning responsive to conditions related to the pandemic. LEAs will be asked to outline how limited, ESSER II funding may support these initiatives and how these funds might interact with other federal funding, including enhanced Title IV flexibility, to ensure strategic and sustainable use of funds.

Local investment of ESSER II funding is focused solely on the short term, covering salary and benefit shortfalls as a result of the economic impacts of COVID-19 on our local, state and federal budgets.

Please describe specific plans, measures, and longer-term evaluative strategies concerning student learning gaps - as well as opportunity to learn factors - stemming from COVID-19. (3000 characters max)

Beyond those strategies already identified, our teachers and administrators will be performing analyses using all kinds of data to better understand the impact of the COVID 19 closures on long term learning goals and student success; and how we can better respond/adapt in the future.
