- Multiple emails to community through Swift (delivered to **1,782** people)

In order to address learning loss due to the COVID-19 pandemic, which of the following activities would be beneficial for our school district?

756 responses

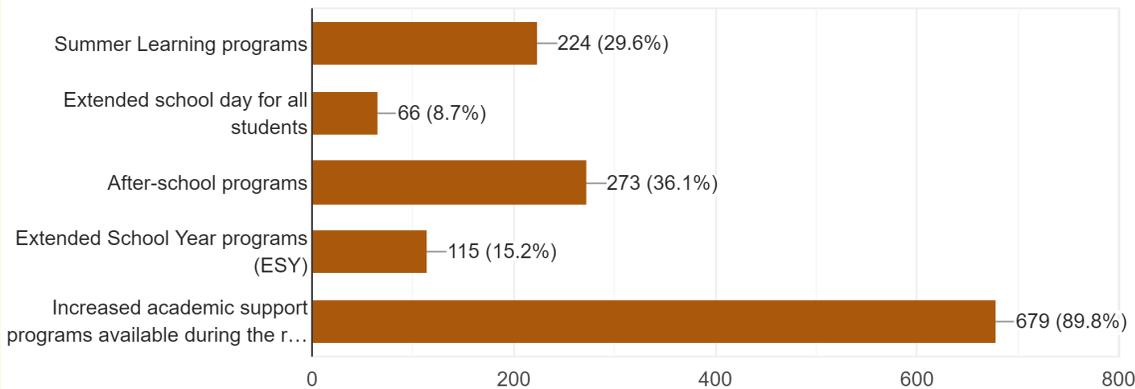

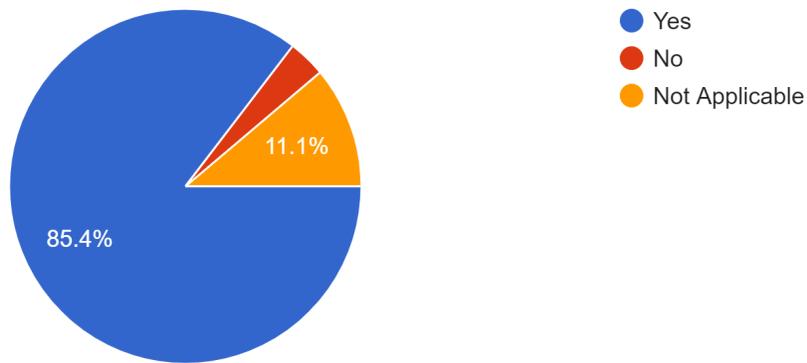

Table 1: A Breakdown of Individual Role's Selection of Activities Viewed as Most Beneficial for Titusville Area School District to Use to Help Address Learning Loss.

What is your role within our school district?	After-school programs	Summer Learning programs	Extended School Year programs (ESY)	Extended school day for all students	Grand Total
Community Member/Resident	30	28	16	10	84
Business Owner	8	8	3	3	22
Local Government	3	1	1	0	5
Other School Staff	24	24	15	2	65
Parent/Guardian	208	156	80	51	495
School/District Administrator	10	8	4	4	26
Student	3	0	3	1	7
Teacher	50	48	20	9	127
Grand Total	336	273	142	80	831

★ Participants were able to choose multiple roles, thus the grand total of responses recorded in the table below is higher than the total responses to the survey.

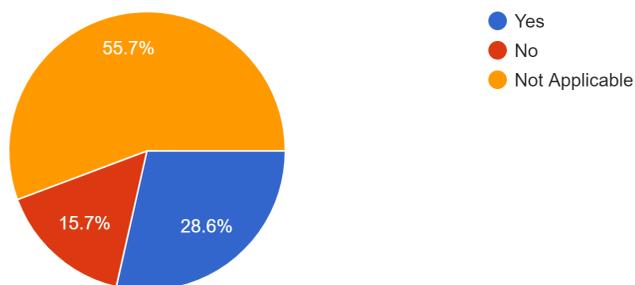

If after-school or summer programs are implemented, should the district offer transportation for students?

756 responses

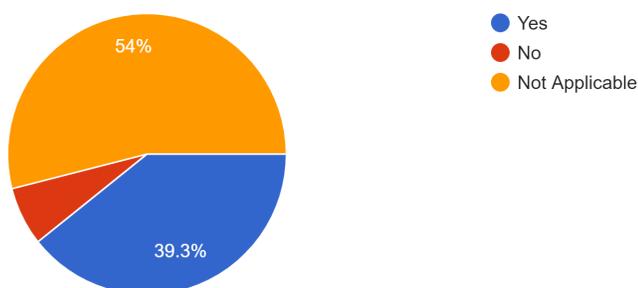

I would support or participate in a Credit Recovery program (High School) if offered in the summer

756 responses

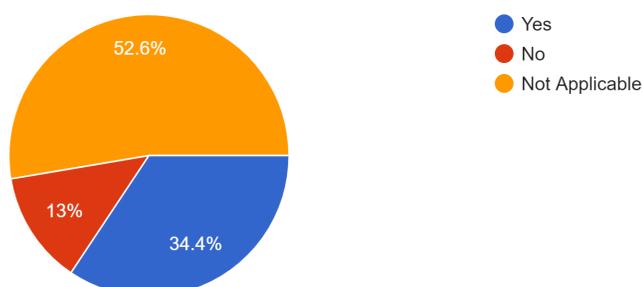

I would support or participate in a Credit Recovery program (High School) if offered during the regular school year

756 responses

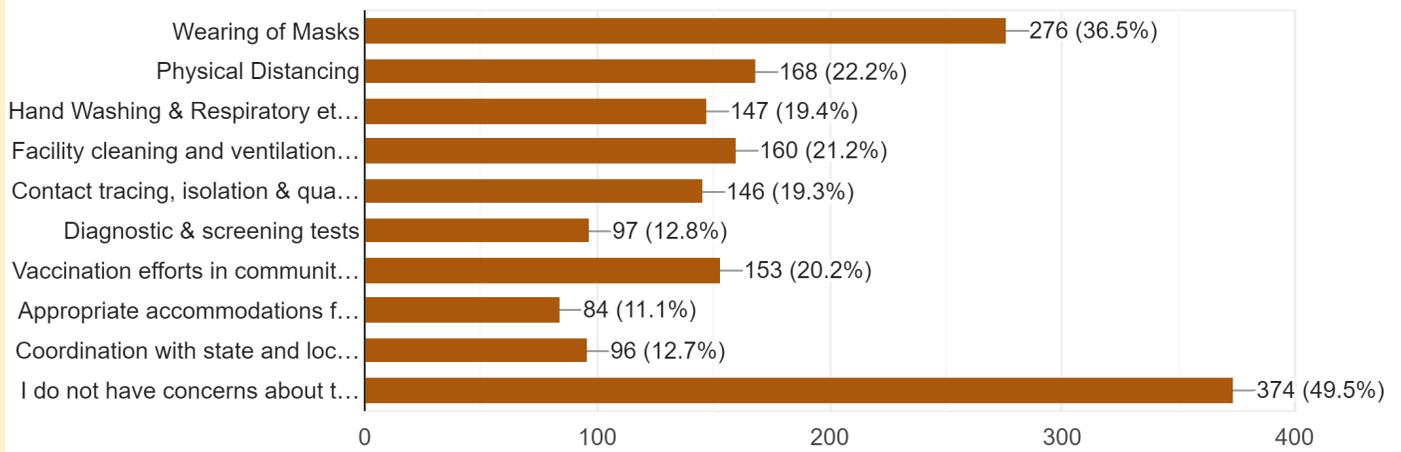

I would support or participate in a Credit Recovery program (High School) if offered online

756 responses

In regards to students returning to school in the upcoming 2021-22 school year, select any categories that you may have concern.
