Acadience

We are proud to see so much growth in reading oral fluency scores. If your child went down or didn't grow much, please make sure they are reading during the summer! Just taking 20 minutes a day to read can make a huge difference. We attached their scores to their behavior charts.

We will begin our final math unit in second grade! It's all about Geometry and shapes. The kids always like this topic. In Science we continue to reinforce the human body since they are learning that in Knowledge class with Mrs. Shaver.
